

Hello,

My name is Antony Maynard and I am the Head Teacher at Wood Edge Independent School in Ormskirk Merseyside, and I would like to welcome you to our learning community where we put passion, care, progress and young people at the forefront of all we do.

A little bit about myselfI have over 10 years professional experience working in residential homes and part of senior leadership teams in other independent specialist schools. Educating young people with a number of different complex needs and challenges including SEMH, SEN, ADHD, ADD, autism and Downs Syndrome. During my time I have also worked with a lot of young people with challenging experiences such as neglect, CSE, CSA and domestic violence. I am extremely passionate about therapeutic learning and working with the philosophy of creating a personalised curriculum for all young people, and giving all students a chance of therapeutic approaches with mainstream results.

Here at Wood Edge School, myself and all the staff work tirelessly to make sure our learners are given the opportunities to reach their potentials, and through appropriate goal setting, individual curriculums and genuine care and consideration progress not just educationally but socially and personally too. I am extremely proud of the work we do here at Wood Edge, and hope this continues for along time to come.

Regards

Antony Maynard
